ONE BY ONE.

One by one the sands are flowing,
One by one the moments fall;
Some are coming, some are going,
Do not strive to grasp them all.
One by one thy duties wait thee,
Let thy whole strength go to each;
No future dreams elate thee,
Learn thou first what these can teach.
One by one (bright gifts of heaven)
Joy is sent thee here below;
Take them readily when given,
Ready too to let them go.
One by one thy grief shall meet thee,
Do not fear an armed hand;
One will fade as others greet thee,
Shadows passing through the land.
Do not look at life's long sorrow,
See how small each moment's pain;
God will help thee for to-morrow,
Every day begin again.
Every hour that flees so slowly,
Has its task to do or bear;
Luminous the crown, and holy,
If thou set each gem with care.
Do not linger with regretting,
Or for passing hours despond;
Nor, thy day toll forgetting,
Look too eagerly beyond.
Hours are golden links, God's token,
Reaching heaven; but one by one
Take them, lest the chain be broken
Ere the pilgrim's journey done.

TRICHINAE AND OTHER PARASITES.—The lecture-room of the Society for the Advancement of Science and Art, in Cooper Institute, was last evening crowded with an intelligent audience to hear the paper of Professor Browne on "The Dangerous Parasites which Infest Mankind and their Food." Dr. Browne explained very lucidly all the minute parasites which have been found to infest human bodies through the use of that "instrument of instruments," as he called the microscope, and dwelt more particularly upon the trichinae. This parasite originates almost entirely in the swine, and is there invisible to the naked eye. When flesh containing the trichinae is introduced into the human stomach, the flesh is dissolved and the parasite unloosed from its cell. When this occurs the parasite is about one-thirtieth of an inch in length. Birth is then given to trichinae, which straightway proceed to penetrate the whole muscular and flesh system through the alimentary canal. These young trichinae are at first only one-hundredth and fourtieth of an inch in length, and resemble a worm in spiral coil. By the time they transverse the system, however, they increase in size many fold, and then begin to make felt that terrible disease to which they have given the name. The parasites first introduced never cause trouble, except by the production of their offspring. The disease is first made apparent by pains in the joints, the head and the spine, and the patient gradually wastes away and dies. The lecturer had seen many cases of this disease in Germany, where it is particularly prevalent. Some constitutions, but few, withstand it. The trichinae do not create disease by eating away the flesh—which they were not fitted to do—but by hindering, or closing up, the forces and processes by which health is preserved. The speaker also mentioned the other parasites (tape-worms, etc.) which are dangerous and liable to be introduced into the system by the medium of food. His remarks were listened to with interest, and were most instructive and entertaining.

THE EIGHT HOUR MOVEMENT.—It is to be regretted that there exists in some quarters an inclination to condemn, *in toto*, the movement on the part of sundry trades to procure the passage of an eight-hour law, or at least, the adoption by employers of an eight-hour rule. While some unthinking people rush blindly to one extreme and glorify the movement as the panacea for all the ills of which the laboring men complain, there are not a few who hold the movement as a proposition as one fraught with danger to capital, and conceived and advocated only by those who desire to secure personal popularity at the sacrifice of principle and even common sense. One side, mistaking or anxious to talk for compromise, is too sanguine, and another side, coldly hostile or disdainful, is too unfeeling and lacks just consideration for the working classes. It is undeniable that restiveness and discontent very generally prevail throughout the country among the laboring men. That their complaints and murmurs are well founded or reasonable, need not now be debated. It is sufficient to know that this discontent does exist, and it is one of the highest duties of statesmanship to attempt to remove it. The working men clamor for an eight-hour law, which is, after all, simply a limitation of the hours of their labor. They are entitled to a respectful hearing, and if they desire that the experiment of an eight-hour law shall be tried, they are fully entitled to a fair trial of that experiment, for it is only an experiment. There is a grave doubt as to the success of the contrivance intended to remedy the evils of which the laboring men complain, but, complain, but common fairness requires that a ready concession to the demand be made. Capital and labor have a community of interest, from which neither can be dissociated. They must and will regulate each other, just as surely and equitably as the laws of demand and supply operate interchangeably in regulating trade and commerce. If the eight-hour theory of labor is false in principle, it will, on trial, speedily prove itself to be vicious or ineffective, and it cannot injure capital or labor seriously if experimented with; if it is correct, capital and labor will mutually share the benefits of its successful establishment.—*S. F. Times.*

FIRE AT PRESCOTT.—At Prescott, Arizona, on the night of the first instant, a fire burned and entirely destroyed the new theatre building, erected by McKinley & Little; also the liquor saloon of G. M. Holaday. The office of the Arizona Miner, adjoining the theatre, was saved through great exertion. This is the first fire of consequence had at Prescott.

ROBBED A SHOT.—On Sunday morning last, at about 3 o'clock, on Main Flat, opposite this town, says the *Folsom Telegram* of the 18th, a Portuguese miner named Manuel, discovered a man in the act of robbing his sluices. He approached within about twenty feet and fired at the party, who had a small lamp which gave a very dim light. The robber immediately ran and made good his escape. When daylight appeared, a Chinese lat, boots and a small lamp, and tools for taking up the amalgam were found at the sluices. A trail of blood was followed some distance showing that the robber, who was evidently a Chinaman, had been severely wounded, as the gun was loaded with buck-shot, but he could not be found. The sluices in this claim have been robbed eight times. It is about time somebody was shot, and it is the impression of some that the weight of lead sunk him in the river.

ROBBING A JAIL.—The Santa Rosa Democrat says, last Wednesday night some thief or thieves went to the County Jail and carried off the box placed in the corner stone several years ago, containing about fifty dollars in coin, copies of local papers, etc. The building is undergoing repairs, and the iron wall being torn down, enabled the villains to commit the theft without much trouble.

A young lady from Ohio, attending the college for young women at Pittsburg, has been unusually popular among her teachers and classmates, on account of her marked proficiency and good conduct; but on lately coming back to school, after vacation, she was denied admission, because of the microscopic discovery that "she is one thirty-second part Ethiopian."

On Sunday, the 13th of April, at Louisville, Kentucky, an insane person named Barlow, who some time ago shot one General Murray, entered the Walnut street Baptist Church during the morning service, and fired two shots at Rev. Mr. Smith.

SUICIDE OF A PIONEER.—The Los Angeles correspondent of the San Bernardino Guardian learns that A. B. Smith, of San Diego, a resident for more than thirty years of that place, committed suicide recently, by taking strychnine.

WILL NOT GO.—Henry Ward Beecher, it is said, will not go on the excursion to the Holy Land, the pious holders in his church, it appears, having objected to his contemplated long absence.

LEE & RYLAND'S circus opened at San Francisco on the 18th inst. They will soon start on a tour of the State.

FLORENCE

SEWING MACHINE.

Copy of the Report of the Committee of Awards at the Fair of the

AMERICAN INSTITUTE
NEW YORK, 1865.

To the FLORENCE SEWING MACHINE CO. for the Best Family Sewing Machine.

HIGHEST Premium! Gold MEDAL!

REASONS:

1st.—Its simplicity and great range of motion.

2d.—The Reversible Feed Motion.

3d.—The perfect finish and substantial manner in which the Machine is made.

4th.—The rapidity of its working and the quality of the work done.

5th.—The self-adjusting Tension.

The Florence was awarded the first and highest premium at the State Fair of California, the only Fair on the Pacific coast at which any two double thread Sewing Machines were exhibited in competition in 1865.

The Florence received the only premium awarded, by the Mechanics' Institute of San Francisco, in 1864 and 1865, to any Sewing Machine. Sewing Machine Co., or Agent. The claim of a competitor to a medal is without any foundation whatever.

Wherever the Florence has been brought in competition with other Sewing Machines, it has always been declared the best. It is the most simple, the most substantial, the most efficient, and its use is easily learned. Every Machine sold is guaranteed in the full sense of the word.

SEMI-WEEKLY ENQUIRER.

WEDNESDAY, MAY 22, 1867.

GOOD TRAVELING.—Last week we made a trip to our neighbors in Grass Valley and Nevada. On arriving at Colfax we found three first-class coaches in waiting for passengers that may arrive at that place from East and West by the Central Pacific Railroad. This line, owned by that old stager, Wm. Hamilton, is now competing with an opposition recently started between Grass Valley and Colfax, but from what we saw on the occasion of our trip, do not think the opposition is making more than it can carry off, getting but a few stragglers. As a general thing we like to patronize oppositions, but where enterprises are established for the accommodation of the public and are satisfied with reasonable prices, think they should be protected by those for whose benefit they are established. The Telegraph Line, Hamilton's, has had to contend with all the difficulties incidental to a line of stages in the mountains, bad roads, light travel and sustaining great expense without corresponding receipts during the worst seasons for travel, and now when circumstances combine to make the route such as to enable the proprietor partially to be whole on the outlay, the people should be willing to give his line the preference. The drivers on the line are experienced and accommodating, the teams the best, and the road excellent. They make the trip to Grass Valley, usually, in two hours, but at the time we went, over made it in an hour and forty minutes. The old line—Telegraph—running their coaches well filled, and the opposition, one coach, with a single passenger. On arriving at Grass Valley, the stages stop at the Exchange, where those who stop are sure to be greeted with the most gentlemanly treatment and the best of accommodations. If your destination is Nevada city, do not fail to give that pattern hotel, the Union, kept by Messrs. Williamson & Eaton a call. We doubt whether a more comfortable hotel, in all its appointments, can be found in the State; it contains one hundred and five rooms, each one is luxuriously furnished, and presents the comforts one so much needs after a day of severe exercise. It is useless however, for us to descend upon the accommodations of this hotel or the kind of treatment received from its urbane and polite proprietors, the best way to realize the fact of enjoying the comforts of a first class hotel is to stop a day or two at the Union in Nevada city. We cannot close this item without returning our thanks to the proprietors of the Grass Valley Union, the Nevada Transcript and Gazette, for the courtesies so hospitably extended to us while at the two places, and shall anxiously look for an opportunity to reciprocate. We left them with regret, and will hail meeting them again with delight.

PERSONAL.—Judge Hale, Placer's candidate for Secretary of State, spent the last Sabbath in this place. He attended divine worship under the ministrations of the Rev. Benton, both morning and evening, and conducted himself pretty much like other people, while in church; showing that his contact with a California Legislature had not utterly "demoralized" him, as well as evidencing the fact that he is capable of withstanding the evil influences of politicians and is, consequently, a proper subject for advancement and temptations.

STARTED UP.—The new cement mill of the King Brothers was started up yesterday and appears to give entire satisfaction so far as the working of the machinery is concerned. The owners, of course are not in a situation to tell whether they will be successful in realizing a fortune or not, but they know that should the cement continue for any length of time as rich as that already in sight they are safe. We hope their most sanguine expectations may be realized.

ACCIDENTS.—On last week at Wisconsin Hill in this county, Mr. Edward Ten Eyck, while at work in the Oriental Cement at that place, was caved upon and badly hurt. On the same day a man named Fred. Kruse was hurt by a small piece of the steel from a pick which he was using, flying into his eye, injuring it severely. Kruse went to Forest Hill to a physician and had the steel extracted, but the eye became so much inflamed that he has gone home to place himself under the care of an oculist. It is feared he will lose the sight of the eye injured.

TO BE HUNG.—At St. John, one of the Chinamen implicated in the murder of Mr. McDanel, of Auburn, in January last, was convicted on Friday last of murder in the first degree, and will of course be hung. That the others who were engaged in this diabolical murder have not been arrested and convicted is to be regretted, and no trouble or expense should be thought too great in order to bring the wretches to punishment.

REMOVED.—We record the return home of Dr. M. W. Wilson, the scientific dentist, with pleasure, and would advise those of deceased molars or none at all to apply immediately to the Doctor at his rooms in the National Hotel, just above the Express office, where there is a certain to secure the services of a competent operator.

FESTIVAL.—The young ladies belonging to the congregation of the Union Church were to have had a meeting last evening to take preliminary steps for a Festival in aid of the church. How the meeting terminated we were unable to learn, but will endeavor to get the particulars for our next.

LACOUR'S SARSAPARILLA BITTERS.—These Bitters, now introduced are entirely free from all deleterious compounds. The principal ingredients are Sarsaparilla, mixed with some of the best blood purifying qualities—it is a pleasant and agreeable tonic and at the same time a medicinal beverage, which invigorates the system. Its greatest quality is its freedom from deleterious mineral substances.

BURNED TO DEATH.—A daughter, aged four years, of E. Salliers, Marysville, was so severely burned on Friday, by her clothes taking fire, that she died Friday last.

ADDITIONAL ELECTION PRECINCTS.

The following named places were made election precincts in addition to those already published in the ENQUIRER, by the Board of Supervisors at their last meeting:

D. L. Allen's House.—D. Gaylord, Clerk; H. B. Allen and John McKinley, Judges; P. D. Horsey, W. W. Sheldon, Horace Johnson, Alternates.

Kearney Mill.—N. W. Blanchard, Clerk; David Irwin and James Gilson, Judges; Alex. Hemphill, Geo. Cayan, Thomas Lewis, Alternates.

Wisconsin Hill.—J. F. Brown, Clerk; O. J. Spencer and S. L. Irish, Judges; Geo. Ten Eyck, W. P. Lipp, C. B. Hangerford, Alternates.

Cassella Hill.—J. B. Brown, Clerk; C. W. Cook and Edwin Parker, Judges; D. Stoddard, Joseph Bennett, James Hill, Alternates.

Newcastle.—D. A. Wilson, Clerk; E. Culver and James M. Hogue, Judges; F. W. Henn, W. H. Puffer, James Baron, Alternates.

Rocklin.—Wm. Bassett, Clerk; John Dixon and E. T. Hayes, Judges; F. Marley, John O. Wentworth, H. L. Stephens, Alternates.

Serrano.—V. Ayers, Clerk; C. P. Ellis and E. Buxton, Judges; Noble, J. T. Haskell, M. Stanton, Alternates.

FOR THE ENQUIRER.

Mr. Editor.—As the course of Senator Conness and his special friends, in bolting the regular nominations of the Union party, after participating in the Primary elections under pledges imposed by County Committees of his own friends, to support said nominations in 1865, is not denied by any of his friends, and as his assertion at that time that there were no issues to divide the people, is also admitted, it only remains to ascertain the difference between a "certainty" to see how the Senator stands in relation to the Union party. My view of the matter is, that the Senator considers his re-election the only thing requisite to complete the whole business, and that very small matter, a thing so very small that the Union party will not consider to perform, is the only thing that is necessary to make "the next thing a certainty," a real certainty. MECHANIC.

Dutch Flat, May 20th, 1867.

[Our friend "Mechanic" seems to be begging the question as to what really existed for the Union party to perform, and what he concludes Mr. Conness meant when he intimated that the great work of reconstruction of the States was about finished. That was one of the necessities of the times, and the Union party was expected to perform it. "Fair play is a jewel," and it makes no difference to us who is concerned we like to see justice meted out, whether to the Georgetown statesman or the Chico sage.—ED. ENQUIRER.]

BILLIARD TOURNAMENT.—We copy the following from a dispatch to the Sacramento Bee, received from San Francisco at 2 P. M., on the 18th:

The billiard tournament, last night, attracted a good deal of attention, and the games were spiritedly contested. The game between Rodovich, of Victoria, and Jamison, of Virginia City, for the gold-mounted cue, was won by the latter, whose best run was one hundred and fifty-six. The game between Jamison and Keating was hotly contested, and was won by the former, who has yet one more opponent to defeat before he can be called the champion of the Pacific.

The following is the dispatch to the Union of Sunday last:

The 500-point game of billiards between Jamison and J. H. Mott, for the championship and golden cue, at the tournament last evening, was pronounced the best contested of the week, Jamison scoring 501 to Mott's 469. In a subsequent game between Jamison and J. W. Little, of 1,000 points, the former beat his opponent by over 500 points.

SUCCESSFUL ADVOCATE.—Some months ago, Harvey S. Brown, the distinguished lawyer, the true patriot and public-spirited citizen, went East to advocate the "Settlers' cause" before the United States Supreme Court, in the De Haro land case. Under his management the land-grabbing python has been strangled. Nevertheless we see an allusion to his great services in any of the other papers. When Mr. Brown returns, we hope Settlers will give him a reception in correspondence with his deserts.—S. F. Star.

It was our good fortune some thirteen years ago to hear Mr. Brown's argument in the De Haro case before the Land Commissioner. It was a masterly effort, full, thorough, searching and conclusive. It seemed to us no man could have made a better. We are not surprised that the Supreme Court of the United States were convinced by it. We trust the grateful people will not forget the distinguished services of Harvey S. Brown.

THE SECOND CONGRESSIONAL DISTRICT.—A meeting of the Union Central Committee of the Second Congressional District was held in Sacramento on Wednesday evening. The following are the proceedings had:

Resolved. That the Union Convention of the Second Congressional District be held in the city of Sacramento, on Tuesday, the 11th of June next, at 4 P. M., and shall be composed of such delegates as may have been elected by the several counties in the district to the State Convention.

Resolved. That the Chairman and Secretary of the several County Union Conventions be requested to send to the Chairman of this Congressional District Committee a certified list of the delegates elected to the State Union Convention.

CALIFORNIAN SPRING.—E. P. McCarty brought to our office yesterday a new steel spring for vehicles. Instead of having three or four leaves like the common spring, it has only one, and is mounted on an intermediate ball or buffer, held in its place by a spike running through it. When the pressure on the spring is light the steel bears all the weight; if heavy, the buffer comes into use. Mr. McCarty claims that his spring is better than the common article and will cost fifty per cent. less, and after looking at his model, the claim seems reasonable. Mr. McCarty has applied for a patent.—S. F. Alta.

The India-rubber portion of this spring has been in use in New York for a number of years; and one of our wheel-wrights in this place has been using it upon wagons for months past.

RESOLUTION OF THANKS.—The Grand Lodge of Odd Fellows passed the following resolution of thanks to the people of Stockton:

Resolved. That the thanks of this R. W. Grand Lodge are due to and are hereby tendered to the Odd Fellows and people of Stockton, for the generous hospitality extended to the members of the Grand Lodge during the present Communication.

McKEON'S MURDERERS.—Two Spaniards and two Indians were arrested and committed to the jail of Marin county on Wednesday, the 15th instant, charged with being concerned in the murder of McKee, committed at Tomales some two months since.

ADMITTED.—The absconding Treasurer of Santa Clara county, Abijah McCall, has been admitted to bail in the sum of \$7,000.

The billiard tournament closed last night. The game of "cutting" potatoes between Jamison and Little was won by the former by sixty-two points. Hanna and Keating played a game of five hundred points and Keating won the game by one hundred and seventy-two points. Hanna exhibited great skill, and it is likely another match game will be played; the prizes were distributed last night, Jamison receiving the champion cup.

SAN FRANCISCO, May 21.

About 8 o'clock this morning a party of twenty or more armed men entered upon the spot of land on the petro near the side of Long Bridge and took forcible possession of the place, the premises comprise about 75 acres and for some six years past have been in the possession of I. U. Raymond and others. For the past two years the point or spot of land on the petro near the side of Long Bridge has been under lease to a ship-builder. The invaders came upon the ground and compelled the ship-builder and his workmen to leave. No violence was used, however, as the ship-builder considered it his best policy to avoid any hostile collision and withdrew with his men.

Flour.—The Chinamen are busy buying superfine goods at \$5.40@5.74; We quote city brands as follows: Superfine, half sacks, \$5.50@5.75; extra, \$6.50@6.75. Wheat, \$2.15@2.25. Barley, \$1.15@1.25. Oats, \$1.15@1.25. Potatoes, new, are quoted at \$2.25@2.50, and old at 70¢@1.25 for all varieties. Corn, \$1.50. Oregon Bacon, 13¢.

THE WAY THE WIND BLOWS.—We notice in yesterday's Sacramento Union an array of names numbering some seven hundred and fifty, petitioning the Union Central Committee of Sacramento county to recommend in the primary elections the test recommended by the State Central Committee and also under "Porter's Primary Election Law." This action on the part of the voting element of Sacramento county clearly foreshadows that no more "stalling" is to be countenanced there. Bums and whisky politicians your "occupation is gone." The people "propose to choose those who shall represent them."

A BOMB SHELL IN DOWNING STREET.—"Monday," the well-published correspondent of the New York Times, and who has good facilities for observing current events and their effects in London, writes on the 3d of April as follows:

"The proposed purchase of Russian America fell like an exploding bomb shell in Downing street. The Russians have no right to sell this territory, nor you to buy it, without first consulting England. As next neighbor she has a prior right, and Russia should never have offered it to the United States without first giving England the refusal of it. It is first of all an insult from Russia. But if you want all North America, if you buy those only of the United States, for the sake of forcing England to sell you British Columbia, you must take them both, and on the whole, if you are disposed to settle the Alabama claims in that way, there would be no serious objection."

SLANDER.—William H. Smith and Susan, his wife, have sued Edward Hillman in the Fifteenth District Court to recover \$5,000 damages for the alleged use of slanderous words of and concerning Mrs. Smith.

 Absent, D. L. Allen, Township No. 1, and Wm. Section, Township No. 3.

On motion, E. B. Boust was appointed Secretary, and J. E. Hite, Chairman.
 On motion it was Resolved That a Union County Convention be held in the Town of Auburn, Placer County, on Monday the 10th day of June, A. D. 1867, at 12 o'clock, M., for the purpose of electing delegates to represent the Union Party of the County of Placer in the Union State Convention to be held in Sacramento, California, on the 12th day of June, 1867.
 On the Twelfth day of June, 1867, and on the Union Convention of the Second Congressional District and to nominate and present candidates for Legislative and County offices, to be supported by the Union Party at the General Election to be held in September, 1867, and a Special Judicial Election to be held in October, 1867.
 Resolved, That the Primary Elections to elect Delegates to said County Convention be held at the various precincts entitled to representation, on Saturday the 8th day of June, 1867, from 3 to 9 o'clock P. M.

Resolved, That the Primary Elections be held under an Act to protect the elections of voluntary political associations, and to punish fraud, treason, and known as "The Primary Election Law."
 Resolved, That the Registration in said Convention be as follows: and the persons named for each precinct are hereby appointed Supervisors and Alternates in such precincts.

A NEW AND GRAND ENEMY IN MEDICINE.—Dr. Maggi's

is the founder of a new Medical System. The quantities, whose vast internal doses enfeeble the stomach and paralyze the bowels, must give precedence to the man who restores health and appetite, with from one to two of his extraordinary Pills, and cures the most violent dyspepsia with a box or so of his wonderful and all-healing Sarsaparilla. These two great specifics of the Doctor are fast superseding all the stereotyped nostrums of the day. Extraordinary cures by Maggi's Pills and Sarsaparilla have opened the eyes of the public to the inefficiency of the (so called) remedies of others, and upon which people have so long blindly depended. Maggi's Pills are not of the class that by slow degrees, but in perfect order, restore the stomach, create an appetite, and render the spirits light and buoyant. There is no griping, and no reaction in the form of constipation. If the liver is affected, its functions are restored; and if the nervous system is feeble, it is invigorated. This last quality makes the medicines very desirable for the wants of delicate females. All Ulcerous and eruptive diseases are literally extinguished by the disinfectant power of Maggi's Sarsaparilla. In fact, it is here announced that Maggi's Sarsaparilla, dyspepsia and mania pills cure where all others fail. Which for Burns, Scalds, Childbirth, Cuts and all abrasions of the skin Maggi's Sarsaparilla is infallible. Sold by J. MAGGI, 11 Pine street, New York; R. H. McDonald & Co., San Francisco, and all Druggists, at 25 cts. per box, by J. 12m

MEDICAL.

S. T.—1860.—X.

"JES! SO!"—"EXACTLY!"—Solon Shingledeisi; they were there "every time." If he felt "owley" in the morning, he took Plantation Bitters; if he felt weary at night he took Plantation Bitters; if he lacked appetite, weak, languid, or mentally oppressed, he took Plantation Bitters; and they never failed to set him on his pins square and firm.

A few bottles of PLANTATION BITTERS

Will cure Nervous Headache,

" Cold Extremities and Febrile Lips,

" Sour Stomach and Fetid Breath,

" Flatulency and Indigestion,

" Nervous Affections,

" Excessive Fatigue and Short Breath,

" Mental Dependancy,

" Prostration, Great Weakness,

" Salivary Complexion, Weak Bowels, &c.,

which are evidences of

Liver Complaint and Dyspepsia.

After a long research, we are able to present the most pleasant, the most remarkable cure for those

horrid nightmarish diseases the world has ever produced. Within one year over six hundred and forty

thousand persons have taken the Plantation Bitters, and not an instance of complaint has come to our knowledge.

It is a most effective tonic and agreeable stimulant, suited to all conditions of life.

The report that it relies upon mineral substances for its active properties are wholly false.

The original quality and high standing of these goods will be sustained under every and all circumstances. They have already been sold in every

town, village, parish and hamlet among civilized nations. Base imitators try to come near our name and style as they can, and because a poor article cannot be sold as a good one they find some support from parties who do not care what they sell. Be on your guard. See our private stamp over the cork.

MUSTANG LINIMENT.

Have you a hurt child or a lame horse? Use the Mexican Mustang Liniment.

For cuts, sprains, burns, swellings and caked joints, the Mexican Mustang Liniment is a certain cure.

For rheumatism, neuralgia, stiff joints, stings and bites, there is nothing like the Mexican Mustang Liniment.

For spavined horses, the poll evil, ringbone and all other diseases of the lower limbs, the Mexican Mustang Liniment never fails.

For all the above and many other ailments, the Mexican Mustang Liniment is worth its weight in gold.

Cuts, bruises, sprains and swellings are so common and certain to result in every family that a bottle of this Liniment is the best investment that can be made.

It is more certain than the doctor—it saves time in sending for the doctor—it is cheaper than the doctor, and should never be dispensed with.

In lifting the kettle from the fire, it slipped and scalded me terribly. I used the Mustang Liniment and the pain and the swelling were gone in half an hour, and left very little scar.

CHAS. FOSTER, 430 Broad str., Phil.

Mr. S. L. of Little Park, Vt., writes: "My horse was scalded with hot water, (spavin) but since the use of the Mustang Liniment I have sold him for \$150. Your Liniment is doing wonders up here."

All genuine is wrapped in steel plate engravings, signed G. W. Westbrook, Chemist and also has the private U. S. stamp of Demas Barnes & Co., over the top. Look closely. Sold by all Druggists at 25 cents, and \$1.
